What is 3D Family Connect

- 3D Family Connect is an easy to use, state of the art, 3D FULL-HD (high definition) hardware and software entertainment package.
- Make free video phone calls to friends and family in a live setting at your convenience. Experience Blu-ray DVD movies in 3D FULL-HD with surround sound and feel as if you are actually part of the movie.
- Packages are available for community rooms, individual rooms and distant families. Add a gaming console and 3D camera for even more realism.

3D Family Connect

The Benefits

- Video phone calls are an easy yet revolutionary way to communicate and in turn creates a fix for the geographical divide and busy day to day lifestyles.

3D movies and games in surround sound and 3D pictures give you a true vivid representation that brings your entertainment to life unlike ever before.

- Be proactive and on the cutting edge of innovation by offering a technology product suite that your competitors are not.

3D Family Connect

The Benefits

- Phone calls are voice only
- 2D Photos are flat and static
- 2D Videos are flat and not in real time

- A free video call using 3D Family Connect is combining all of these technologies into one and is the next best thing to being in the same room together.
- 3D FULL-HD takes photos, videos and games and turns them into realistic entertainment heightening senses and in turn exercises alertness.

3D Family Connect

The Technology Age

- Do you use and or offer technologies such as live video chat, Blu-ray movies, 3D movies, Internet TV, computers with Internet access, gaming consoles such as Wii Fit, Xbox Kinect, PlayStation Move or other electronic and communication technologies?
- Are these technologies up to date and readily available?
- How often are you asked if you use or offer any of these technologies?

The Technology Age
